Survey of Undergraduate Degree Applications for  
Aug 2019, Dec 2019 & May 2020 Graduation Dates

Results for Computer Engineering (CompE)

Produced by  
The Office of Student Affairs  
University of Michigan, College of Engineering  
Tuesday, July 14, 2020

## **Purpose and Approach**

Each year, the College of Engineering (CoE) conducts a Senior Survey of degree applicants in our undergraduate programs. The Office of Student Affairs distributes, collects, and processes the surveys on behalf of the undergraduate programs. The survey's purpose is to provide departments with assessment data from recent graduates. When combined with other types of assessment data, results from the annual senior survey can help departments identify strengths in their undergraduate programs and opportunities for improvement.

## **Methods**

### *Identifying Recipients*

Queries into U-M's online system for submission of degree applications identified CoE and Computer Science in Literature, Sciences, and Arts degree applications. Each semester, a query identified the degree applicants for the current term, which became the list of survey recipients for the semester. Each degree applicant's official U-M email address was compiled into the address list.

### *Distribution and Collection*

The Office of Student Affairs sent email invitations to every CoE degree applicant about four to six weeks before the end of the semester. An email reminder was sent once, a week before closing the survey. As an incentive to complete the survey, respondents who completed the survey were entered in a drawing to win several \$500 gift cards to U-M Computer Showcase. Response rates by survey year are in the graph on the next page.

## **Analysis**

Analysis has been completed only for fixed-response items. Fixed-response items are questions on which respondents were forced to choose from fixed, existing alternatives similar to a multiple-choice test.

### Analysis (continued)

Free-response items are questions that allow the recipient to compose their own response, similar to a short-answer test. To allow each reader of this report to interpret degree applicants' comments for themselves, comments are listed in the reports in alphabetical order by question. The comments are verbatim, with the exception of replacing the names of individuals with dashes (e.g., "Dr. John Smith" is listed as "Dr. ---- ----"). Comments are listed in the reports for specific programs, but not in the report for the College of Engineering Overall.

**Senior Survey Response Rates  
by Survey Year (CoE Overall)**  
Average Response Rate 2013-20= 36.6%

## Results

Responses from degree applications in the semester(s) and program(s) listed above 28

Degree applications from students in the semester(s) and program(s) listed above: 96

Response Rate (responses/ degree applications): 29.2%

Degrees granted to undergraduates in the semester(s) and program(s) listed above: 97

**Note: Response Ratios (below) are calculated for respondents to that particular question.**

### PART I. EDUCATIONAL BACKGROUND

1. How did you enter the U-M College of Engineering or CSLSA? As a:		
	Number of Responses	Response Ratio
First year student (freshman), first time in college	17	61%
Transfer student from a two-year college	3	11%
Transfer student from a four-year college	7	25%
Transfer student from another U-M school or college	1	4%
Totals	28	100%
